**Subject:** background info on Pavillion maps

An aerial photo base map would be fine with some roads shown

I'll be using it in a paper I'm writing up and most likely it will be used in a ppt presentation also

This is a CERCLA project

Thanks!

Excerpted from the White House Website concerning the Freedom of Information Act

"All agencies should adopt a presumption in favor of disclosure, in order to renew their commitment to the principles embodied in FOIA, and to usher in a new era of open Government. The presumption of disclosure should be applied to all decisions involving FOIA.

The presumption of disclosure also means that agencies should take affirmative steps to make information public. They should not wait for specific requests from the public. All agencies should use modern technology to inform citizens about what is known and done by their Government. Disclosure should be timely."
